**FOR IMMEDIATE RELEASE**

**Kwik Care Program features Hospice of Dubuque in October Partnership**

(Dubuque, IA) – For the month of October, Kwik Stop, Dairy Queen, and Fazoli’s are partnering with Hospice of Dubuque to raise awareness and funds to help meet the mission of providing compassionate care to the terminally ill and their loved ones.

“We are happy to partner with Hospice of Dubuque ahead of National Hospice Month to start raising awareness for a great organization. Everyone in the community is impacted by the work of Hospice of Dubuque at some point in their life which drives our team to help.” Tessa Fahey, Director of Restaurant Operations, Rainbo Oil Company said. “Together we can use our resources to help Hospice through advertising and placing information in our Kwik Care canisters at all Kwik Stop, Dairy Queen, and Fazoli’s locations throughout October.”

Following an application process, 12 local, nonprofit organizations are selected to be a Kwik Care partner for one month. During an organization’s designated month, 100% of the money collected from Kwik Care canisters is donated to that organization. Kwik Care canisters are located at all Kwik Stop, Dairy Queen, and Fazoli’s cash registers.
