FOR IMMEDIATE RELEASE

Patients and Families Focus on Quality of Life with Hospice

Each day is a gift with Hospice of Dubuque

(Dubuque, IA) – November is National Hospice Month, an opportunity to raise awareness on the benefits of hospice care. Since 1983, Hospice of Dubuque has fulfilled a mission of providing compassionate care for the terminally ill and their loved ones in the tri-state area.

Hospice and palliative care programs provide pain management, symptom control, psychosocial support and spiritual care to patients and their families when a cure is not possible. Through this specialized quality care, many patients and families are able to experience more meaningful moments together. The Hospice of Dubuque team works to ensure that families find dignity, support and compassion during life’s most difficult journey.

Together we can meet the growing needs of the community by raising awareness of hospice services available to those facing a serious illness. If possible, share your story and advocate for the community’s nonprofit hospice with friends and neighbors. For more information regarding hospice care or advance care planning, please call 563.582.1220 or visit www.hospiceofdubuque.org.
